

Do you feel you understand what SkillsUSA is all about or what happens month to month with advisors/chapters?	If not, what would you like to see differently?	What contest would you like to be a coordinator/judge of, if any?	What type of committees would you like to see within our SkillsUSA Board?
No	I'm just new.	Welding Sculpture;Welding Individual;Welding Team Fab (TEAM EVENT);	Contests Coordination;
Yes		Community Action Project;Customer Service;Job Interview;Pin & T-shirt Design;	Conference Coordination ;Sponsorship/Business Partnership ;Marketing/Media;Contests Coordination;Membership Improvement;
Yes			Marketing/Media;Sponsorship/Business Partnership ;Conference Coordination ;Contests Coordination;Membership Improvement;Prize committee? someone that just gets all prize information forwarded. that was one person knows all the prizes that are coming and where they belong.;
Yes	There was a little confusion in the Automotive Refinish and Collision for the State winners on what they were expected to take with them to the Nationals and what they were expected to pay for. Some clarification on this subject would be appreciated in a written form that can be announced at the competition and handed out to the winner.	Collision Repair-Todd;Automotive Refinishing-Todd;	Sponsorship/Business Partnership ;Marketing/Media;
Yes		Diesel Equipment Technology;Auto Maint/Light Repair;Automotive service;	Contests Coordination;
No	I have a good understanding of what SkillsUSA is about, its purpose and its mission. However, I don't know the ins and outs of what happens month to month at the chapter/advisor level. I would be interested in hearing from different chapters each month about what they have going on and if there is anything the need from the BD or the industry.	Chapter Display(Team Event);Job Interview;Pin & T-shirt Design;Welding Individual;Welding Team Fab (TEAM EVENT);	Marketing/Media;Sponsorship/Business Partnership ;Membership Improvement;Contests Coordination;Conference Coordination ;
Yes		Job Interview;NONE;	Sponsorship/Business Partnership ;Conference Coordination ;
Yes		Welding Sculpture;Chapter Display(Team Event);Community Action Project;Collision Repair-Todd;	Sponsorship/Business Partnership ;Marketing/Media;Conference Coordination ;

Anything else you would like to see sustained/improved?
There is room for growth in what we do and how we do it. I do believe there is a good group of minds on the Board of Directors who can help move the program forward and grow awareness, competitions and student involvement. I am excited to watch it flourish. It would be great if we could have different chapter advisors attend meetings to gain their insight and use it to sustain and improve the SkillsUSA program.
Continuity of contests as conference moves around the state. Industry led committees or advisory groups for the major contests? This has been a tough issue.
